

Easy Read – Disability Dialogue website

Welcome to the **Disability Dialogue**.

The **Disability Dialogue** is a group of people who come together to talk about things they care about and want to make better.

The **Disability Dialogue** is a safe space for people to share their ideas.

The **Disability Dialogue** is made of

- People with disability
- Their family members
- Service providers
- Other people who care about people with disability

People with disability are in charge of the Disability Dialogue.

Important decisions about how to do things are made by people with disability.

This is because people with disability are very good at knowing what does and does not work for them.

This website will tell you more about what the Dialogue does.

The Disability Dialogue also does projects for people to join in.

The Disability Dialogue has a project now called **Disability Discovery**.
