

Event rules

Open Dialogues are a safe place for people to share their ideas.

We want everyone to feel safe and heard.

We also want everyone to have some fun.

There are rules to make sure we all feel safe together.

When you come to an Open Dialogue you promise to

- Be respectful
- Be inclusive
- Help everyone feel safe and heard

You also promise to **not**

- Say anything mean to a person or group
- Say anything mean about a person or group
- Talk about things that have nothing to do with what is being said

These rules help make everyone feel like they can be part of the talk.

If someone break these rules they will be asked to leave the event.

Thank you for helping us make the Disability Dialogue a safe and inclusive event.
